CPT Other	16	21
Units	17	6

HIGH LEVEL CDI LEGEND			January
No Errors	NONE		74
Dx Errors	DX		130
CPT Errors	CPT		68
Time	T		56
Unit	U		6
Credentials	CRED		0
Clinical Documentation Errors	CDI		559
Date of Service	DOS		0

Audit Summary:

In January, LMFTs became billable providers for FQHCs in California. Anne Frunk took lead on internal audits project requiring chart reviews of all billable encounters for medical necessity to meet coding guidelines and adhere to Medi-Cal Managed Care program requirements. All errors were corrected with chart addendums prior to month-end closing. Not all errors represent individual encounters, however, 74 encounters did not have any reportable errors.

Deliverables:

Training was conducted on several occasions and improvement was noted towards the end of January. The project implementation is successful and we will continue 100% audits for the first quarter of 2020. Results will be shared with board members and leadership.
